Merry Christmas to All –. Rick

This will be the FINAL DSO report to DIIN for year 2017, no SO reports needed covering Dec.

PV items of interest:

We are entering the Holiday season, so I wish each and every Program Visitor working for our District warmest wishes for the Season. Though the reporting period for awards has concluded, there is no reason we cannot continue stocking our clients...or even placing a few Safety items in their Christmas stockings.

AND THE WINNER IS.....top Program Visitor 2017, again, Gary Murray Div 5 with 539 visits! Congratulations Gary!

I congratulate the fifteen 2017 Century Club Members in our District and encourage all PV members to top these next year, and hopefully earn the coveted “Recreational Boating” medal; a proud achievement representative of our core task in the Auxiliary.

KIDDE, Fire Extinguisher Recall- **FLASH! Word just in from the USCG. Do not deny a decal or completion of VSC based on Kidde extinguishers. Something has changed. When I hear anything, you’ll be the first to know.**

Paddle Craft Safety is and will remain our top priority of focus in 2018. We Program Visitors have primary responsibility for getting word out on coming ABS courses, distribution of I.D. decals and integration with Vessel Examiners for face to face sharing of safety tips with this class of boater via application of VE cards on all pamphlet stands.

IT IS OFFICIAL! CA will require anyone operating a powered boat to be in possession of a Boaters Card effective 1 JAN 2018, phased in with youngest skippers first, finally being

**required of us elders by 2025. AUX Crew are strongly encouraged to complete this qual.
Via open book ASAP!DISTRICT 11 N**

New ABS (About Boating Safety) 8-hour courses given by Flotillas qualify new members for the safe boating requirement following BQ (Basic Qualification). This ABS course also qualifies the boating public which we serve. We PV members will get this word out.
